What made this quiz app fun/not fun to play?
-learning about the birds, easy to use, had a very polished aesthetic

Was everything straight forward?
-yes

What parts of the app were well designed?
-home screen, menu, game itself and the pictures of the birds

What made these designs good?
-looked very clean and polished

What was good/bad about the per answer result feedback?
-liked the shake when you get them wrong, HATED the next button is unnecessary

What about the gesture navigation (swiping to go between the menu and infographic) is good or can be improved?
-was fine probably a feature I wouldn't use

Do you prefer navigating with the buttons, gestures, or both?
-buttons unless it's clear which way you are meant to swipe for each page

Were the pictures themselves clear and identifiable?
-Found the Kokako picture difficult, Australasian Crested Grebe also not super easy. Felt as those some of the pictures the background gave away which bird it was.

How did you find the quiz length?
-was fine could be a little longer

How confident between 0 – 10 (not confident, very confident respectively) are you with identifying New Zealand's native birds?
-8

Was the content presented within the quiz unknown and/or informative?
-yes

Did/would you find this application advantageous to expand your knowledge about New Zealand birds?
-yeah, would be cool to have an option where you get the brief summary of the bird or an in-depth option
